

Level 2 - Important Information for Robertson Bixley Limited Clients:

To all our valued clients

Robertson Bixley have been keeping up to date with the latest developments and have implemented procedures to eliminate the risk of contracting and spreading Covid-19.

With the Government announcing a change to Level 2 from Thursday 14th May we thought it would be helpful to provide an update on what Robertson Bixley's services will look like for you as a client.

Our office will be open as usual.

If you enter our offices, please use the hand sanitiser provided. We will also be practicing the 1 metre social distancing rule.

There will be a compulsory sign-in sheet at reception for you to complete and sign for Contact Tracing.

We will keep the drop box outside the front door if you choose to drop off documents and avoid coming on site and completing the Contact Tracing sign-in form.

We still offer Zoom meetings if that is your preferred method.

Robertson Bixley will be reviewing their systems and Health and Safety Policies as the levels change. We will be certain to keep our clients up to date with anything that may affect you.

As always, we are here to support all our valued clients through this time.

Stay safe.
